YEARS

2016 - 2026 – A Decade of Hosting Family Office Summits

Welcome to the 32nd Edition of the Global Family Office Investment Summit:

A Special Message from Sheikha Jawaher Al Khalifa

It is with great pleasure that I welcome you to Lake Como, Italy for the landmark 32nd Edition of the Global Family Office Investment Summit.

Over the past decade, this distinguished Summit Series has grown into far more than a gathering of global investors and enterprising entrepreneurs. It has become a powerful bridge between regions, uniting the Middle East, Europe and the United States through a shared vision for long-term prosperity. Dubai and Lake Como now stand proudly as Gateway Cities for this international dialogue, and soon, my home country of Bahrain will join them. I very much look forward to hosting you in both Lake Como and Bahrain as future Summits continue to expand our family office community's meaningful global platform.

What makes this community so special is that we are united not only by capital, but by purpose. Together, we came to build what comes next, which is even more powerful than what has come before. This requires strong belief - in people, in vision, and in our collective ability to build lasting momentum that transcends generations.

Today, family offices are uniquely positioned to lead with intention. This Summit offers an extraordinary environment to exchange ideas, cultivate trusted relationships, and explore investments that create both financial value and societal progress. I extend my heartfelt appreciation to the organizers, partners, speakers, and distinguished delegates whose continued commitment has shaped the Summit's remarkable journey.

May your time at Lake Como spark new partnerships, inspire bold thinking, and strengthen the bridges that connect our regions and our shared future.

Welcome, and I wish you a truly impactful and memorable Summit.

Shaping the Future of Innovation & Opportunity at Lake Como

"It is with immense pride that we welcome you to the 32nd Edition of the Global Family Office Investment Summit here at Lake Como.

Together, we are here to shape a sustainable and innovative future, setting the stage for growth and success for generations ahead."

Feedback from previous Summits

It was an honor to speak at the Global Family Office Investment Summit and connect with so many incredible individuals who are actively creating positive change in our world.

Anthony Ritossa, I can't thank you enough for organizing such an extraordinary gathering. The caliber of people you brought together was truly exceptional - in just 48 hours, NordGulf Alliance was able to secure two deals worth nearly \$40 million.

I never expected that two of our five portfolio companies would achieve joint ventures and investment commitments this quickly. This speaks volumes about the remarkable network you've built.

But beyond the business outcomes, this summit reinforced something I deeply believe: world peace begins with the bonds we forge in business.

When we create deep commercial relationships across cultures and borders, we become genuinely invested in each other's wellbeing.

Money flowing between different nations and peoples becomes like blood flowing through the veins of one interconnected, peaceful body. The stronger these business connections grow, the healthier our global network becomes.

History shows us again and again that when trade flows between different cultures and locations, peace follows. When we intertwine our economic destinies, we create something more powerful than any treaty or agreement - we create mutual prosperity and understanding.

Every deal we close, every partnership we form, every investment that crosses borders brings us one step closer to a more connected and peaceful world. The conversations at this summit weren't just about business, they were about building bridges that can support generations of collaboration.

Thank you to everyone who shared their vision, their deals, and their dreams. This is how we change the world - one relationship, one partnership, one handshake at a time.

Alan Talibi, CEO, NordGulf Alliance | Bridging Nordic Innovation with Gulf Opportunities, United Kingdom

I had the privilege of speaking at the Global Family Office Investment Summit in Dubai, expertly curated and hosted by Anthony Ritossa. It was immediately clear why his events have become the world's largest and most influential gathering of family offices and private wealth.

Anthony is a true force in the world of investment and capital allocation. His ability to bring together royal families, sovereign wealth funds, billionaire investors, and next-generation entrepreneurs from across the globe is unparalleled. The caliber of attendees and the quality of the conversations are a direct reflection of his vision, dedication, and extensive global network.

What sets Anthony apart is his genuine passion for impactful investing, legacy-building, and global collaboration. His summit isn't just another event-it's where the future of wealth and innovation is shaped.

If you're serious about building meaningful relationships in the world of family offices and private capital, Anthony Ritossa is the one making it happen.

Brian Rose, Founder & CEO, London Real, United Kingdom

I would like to thank you again for your kind gesture and invitation. Your wonderful Summit turned out to be the best conference I have been to. It's only because of your splendid efforts and management, that made it so successful and highly stimulating and beneficial for all participants. I am sure that everyone must have told you this. I enjoyed the Summit very much, interesting Speakers, nice participants and the wonderful place. I do appreciate your painstaking work for the organization and engagement of the Summit , and needless to say of course , your Hospitalitys, such summit involves enormous amounts of time and energy -- you must have been working so hard lately for everything to fall into place as it has. You deserve now, a well-earned rest with your lovely wife. Finally it's certainly wonderful experience for me that your Summit has been, it brought together people

from different sides of bilingualism - highly profile family offices and excellent participants. It has been an inspired decision which, in my opinion, leaves warm memories specially for me which I will treasure for the rest of my business life.

I was privileged to meet Sir Anthony Ritossa in Dubai at one of his hallmark

Family Office Investment Summits. Anthony is one of those rare individuals whose talent and professional dedication reflect what is best in the human spirit. He is uniquely distinguished by his extraordinary professional demeanor, vast experience in global investing, and authentic commitment to making the world a better place.

Dubai's economic model focuses on developing new business entities that maximize profitability-while operating within the broader context of the national vision for industry diversification, economic growth, sustainability, and social development. Anthony's sector focus on protecting family generational wealth in dynamic economies like the UAE and Saudi Arabia provide important guidelines for the broader model of global economic development and geopolitical well-being.

Anthony's work inspires us to imagine contemporary business and investment growth, sustainability, and social development. Anthony's sector focus on protecting family generational wealth in dynamic economies like the UAE and Saudi Arabia provide important guidelines for the broader model of global economic development and geopolitical well-being.

Anthony's work inspires us to imagine contemporary business and investment structures that are founded on socially beneficial purposes. Like timeless art, these organizational models are designed to function according to intrinsic humanistic values that originate from our most noble impulses. This is the key to sustainability and long-term prosperity.

In short, Anthony has the right mindset at the right time and place. He is a progressive visionary and a thought leader —a pioneer in connecting minds and creating futures. May our values-based business structures and other societal institutions endure, in the words of English poet William Butler Yeats, as "monuments to the soul's magnificence."

We are grateful for Sir Anthony Ritossa's splendid contribution to writing the magnificent next chapter of global economic development.

I'm often asked, "Where can I find capital for my startup?" The good news is that there's no shortage of capital, especially with family offices. Family offices often have significant funds ready to invest, but they face challenges in finding the right startups which could be YOURS!

I had the pleasure of speaking at the Global Family Office Investment Summit in Dubai in a wonderful panel moderated by Hussein Sayed, CFA, CMT, where I shared my insights as an investor and asset manager. I also discussed what I call the key challenges family offices face in discovering the right startups, which include limited access to well-curated deal flow, a lack of expertise in specific industries, and a naturally cautious approach to risk. As a result, many family offices miss out on high-potential opportunities, leaving their capital underutilized.

What are your thoughts on the challenges family offices face today?

🌟 Just CRUSHED it at the Global Family Office Investment Summit in Dubai! 🚀

Talked about one of my core philosophies: Money Follows FAME. The truth is, if you're not leveraging your influence, you're leaving money on the table.

🤝 Shared the stage with A-list celebrities, powerhouse CEOs, and entrepreneurs who understand the game. And trust me, the future is in Hollywood.ai and Bollywood.ai—where AI meets entertainment, and FAME becomes your greatest currency. 🎬🧠

The crowd was 🔥 Everyone is pumped and ready to take things to the next level. If you're not talking FAME, you're not in the conversation. It's not just business—it's about building a legacy.

Let's go BIG or go home. 💯 🌟

It was a tremendous honor to speak at Global Family Office Investment Summit under the theme "Navigating Tomorrow's Opportunities." The summit showcased an excellent program filled with remarkable opportunities, a true testament to the incredible progress in our ever-evolving investment landscape.

The event brought together leading global investors, prominent family offices, and key financial leaders, creating

What an incredible time at Global Family Office Investment Summit - Dubai Edition!

🌐 This event was more than just a gathering of global wealth—it was a powerful convergence of visionary minds, bringing together over 300 investors from family offices, venture capital, private equity, sovereign wealth funds, and more. The discussions ranged from cutting-edge topics like AI, Web3, Blockchain, and digital assets to key sectors like fintech, healthcare, real estate, and co-investing opportunities.

🇦🇪 It was truly inspiring to be on the same page with some of the world's top wealth managers and family office leaders, exchanging perspectives on investment strategies and ideologies. Discussing how we advise clients in Dubai for wealth generation, with a focus on sustainable growth and forward-thinking investments, was a highlight of the event.

👏 I'm proud to have had the chance to connect with brilliant individuals and further expand my global network. One of the most rewarding parts of the summit was being able to link my connections with the right resources and opportunities immediately right after the event with success. It's always an honor to add value to my network and build new relationships across borders...

PS: On my left side, you're seeing the one and only Eisa Khalid Al Ali, the VP of Dubai Holding 🙏

Sometimes I ask myself 'How did I end up in Dubai spending time with some of the most incredible people, doing the most amazing things? I grew up in the hood in Scarborough and my life could have been much much different, but somehow God, Allah, The Universe wanted me to be here. I am grateful for this opportunity'

I had two engaging and productive days at the Global Family Office Investment Summit - Dubai Edition. I met with leaders of family offices from the United Arab Emirates, Kingdom of Saudi Arabia, and Kuwait. We discussed the future of AI in healthcare, and how BPGbio is leading in the biotech industry.

BPGbio, Inc. has developed the NAI Interrogative Biology® Platform, a cutting-edge biology-first AI approach that has added the patient voice and intersection of math and biology to the drug discovery and development process.

The platform has generated over 250 drug targets and diagnostic #biomarkers in huge unmet disease areas. Its hallmark achievements include a novel targeted protein degradation (TPD) program based on E2 enzymes, which were long considered undruggable, and a franchise drug candidate BPM31510 in topical, IV and oral formulations for multiple oncology and mitochondrial disorders.

BPM31510 IV has recently received Rare Pediatric Disease designation from the U.S. Food and Drug Administration #FDA for its potential as a treatment for Primary CoQ10 Deficiency (PCQD) in addition to Orphan Drug Designation for Glioblastoma Multiforme #GBM, Pancreatic Cancer, and Epidermolysis Bullosa #EB.

BPM31510 IV is also being studied in phase 2 clinical trials as a potential breakthrough therapy for aggressive cancers such as glioblastoma and pancreatic cancer while in planning phases for late-stage Phase 2/3 trials for EB and PCQD.

I have temporarily relocated to Dubai and will be further exploring potential strategic partnerships with interested parties within the healthcare space in the GCC region. Please message me to schedule a meeting.

C. Robert Pedraza, Executive Vice President, **BPGbio, Inc.**, USA

At the Global Family Office Investment Summit - Dubai Edition, we're exploring how #AI is transforming wealth management 🌐. Global family office wealth is set to rise from \$5.5 trillion to \$9.5 trillion by 2030, with the Asia-Pacific region seeing exponential growth 📈. Closer to home, the #GCC's financial wealth is projected to reach \$3.5 trillion by #2027, driven by innovation and the growth of ultra-high-net-worth individuals. The #MENA region is primed for even greater expansion, with technology leading the charge in wealth creation and sustainable investment 🚀.

Leili Gerami, Founder & Chairman, Private Family Office, UAE

I'm still on a Dubai high!

A little over a week ago, I visited Dubai for the first time to speak on the Global Family Office Investment Summit - Dubai Edition panel.

The panel discussion was focused on women empowerment, leadership and strategies women in business, investing and family offices have had to learn, and master.

My two days were filled with all kinds of learning (and timely insights) for me especially in the areas of sustainability, investing, private equity, education and healthcare in light of the current geopolitical landscape. The energy was off the charts!

Every single person I met was kind, welcoming and genuinely willing to explain what they were doing, why they were focused on helping humanity (in their own way) and extremely supportive of others, too.

A quick shout out to the other wonderful ladies; thank you for the inspiration, you are beautiful, powerful and you rock...obviously! Leili Gerami, Marcela Charry, Hasnae Taleb, Mariya Spartalis and Dr. Arshi Ayub Mohamed Zaveri.

And a special shot out to Alan Smithson for taking my picture (I always forget!) and the lovely, ever fabulous Beverly Moore B. for hosting the 'Leading Women in Business' panel discussion.

Sending immense gratitude to Mohamed Al Ali and the entire team at the summit for their immaculate effort putting together this event, it was nothing short of remarkable!

While I arrived Dubai as a visitor, I left feeling like I was part of a family of friends and like-minded humans who care, and dare to be authentic while leading with empathy. 🙏❤️🇦🇪

I'm still recovering from the positive emotions from Dubai last week.

This city is full of energy and opportunities on every corner.

Speaking on the Global Family Office Investment Summit - Dubai Edition panel was one of the most interesting and exciting experiences.

People were randomly approaching me with warm messages about Edumentors and how they loved our model of helping school students around the world.

On the panel I spoke about what I think is "wrong" with today's education systems and it connected with a lot of people in the audience.

School systems that were effective during the industrial period, are no longer effective for 21st century children.

We need more personalised education. We need to treat children as unique individuals.

It's impressive to see the UAE's government investing so effortlessly in education and I hope to see other countries follow that too.

Education aside, as a founder, I was truly impressed with the dynamic and vibrant environment in Dubai and the entrepreneurial mindset that is culturally welcomed there.
